A lot can happen in two years. On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic.

As the world moves into what is being described as “the new normal,” Barnes & Thornburg has the information you need to move your business forward. This webinar will feature:

Hot Topics in Wage and Hour in the COVID-Era

Justine Farris-Niehaus will discuss key wage and hour issues to consider defined by labor shortages and an increase in remote work.

OSHA Compliance in the Post COVID-19 Era

Mark Kittaka will cover OSHA compliance issues applicable to general industry and construction employers, including COVID-19, Monkeypox, OSHA enforcement trends and rulemaking.

Front-Line HR: Managing Post-Pandemic Workforce Behaviors

Tina Janice will present discuss how to identify, triage and work through the challenging impacts COVID-19 has had on your workforce, including mental health effects, discrimination, and workplace aggressions.

The webinar will feature a Q&A session. You may ask questions during the Q&A or submit them when you register.
