This seminar is designed to equip legal and business professionals with the knowledge and tools necessary to navigate the complex ethical landscape introduced by the integration of artificial intelligence (AI) into the legal and business world.

You will come away with an understanding of the ethical implications of AI in your legal practice and ensuring the use of technology aligns with your professional and ethical obligations.

Key topics to be covered include:

- Introduction to AI and Its Legal Implications

- Ethical Challenges Posed by AI

- Regulatory Landscape for AI

- Best Practices for Ethical AI Use in Legal Practice

- Future Outlook and Continuing Education

1.0 hour Ethics CLE pending and 1.0 hour HRCI credit pending. This program is valid for 1.0 PDCs for the SHRM-CP® or SHRM-SCP®.
