The purpose of BTLatinx is to serve as a forum for the exchange of ideas and information relevant to the advancement, support, and empowerment of our Hispanic and Latinx teammates. Our aim:

- To empower our Hispanic and Latinx talent (and allies), and to promote the professional and social development of our diverse attorneys and staff while advocating for the needs of our community
- To provide our Hispanic and Latinx talent with a network of support to help them develop their careers and thrive both personally and professionally
- To create and help drive practices that result in the increased recruitment and retention of Hispanic and Latinx summer associates, interns, lawyers and business professional talent
- To bring our unique perspectives and tie them into the firm's overall commitment to real progress in diversity and inclusion
