Recovery and
Counseling Group
Co-Chair

[datasecurityimageSmall](#) Scott Godes, from Barnes & Thornburg's Policyholder Insurance Recovery Group will be a panelist presenting a webinar titled, "Cultivating Ethics: Mitigating Vulnerability to Cyber and Data Security Threats in Order to Maintain Client Confidentiality." The presentation will be part of [Virtual LegalTech](#). The webinar will take place on May 15, 2014, and run from 9:30 a.m. - 5 p.m. ET. Scott's session will from 3:45 p.m. until 4:45 p.m. ET. You can [register for the event here](#). The webinar will include discussion about the following topics:

- In light of the recent NSA surveillance of US law firms, how safe is your data?
- What types of firms are most susceptible to cyber attacks and data breaches?
- Why in-house legal departments need a sound cyber security strategy.
- Best practices for upholding ethical obligations to protect proprietary and client information
- Implementing technology solutions that protect data from malicious hackers.
- Obtaining insurance coverage to cover your cyber risks.
