Linda Weinberg, co-chair of Barnes & Thornburg's International Trade practice group, and Clinton Yu will present on U.S. Export Controls Fundamentals - Identifying Compliance Risks. Hosted by Federal Publications Seminars, this webinar will introduce fundamental concepts under U.S. export control regulations, including the International Traffic in Arms Regulations (ITAR) and the Export Administration Regulations (EAR). Attendees will learn how to spot or identify potential ITAR and EAR compliance risks and will gain an understanding of basic compliance practices and tools for mitigating such risks.
