

**Lisa Dauphinais, a paralegal in the Litigation Department, strives to efficiently provide high-quality legal work for the clients she serves.**

With nearly 20 years of experience in product liability defense for clients in the pharmaceutical and medical device industry, Lisa's primary focus includes case management, discovery and trial preparation for multidistrict litigation and state coordinated actions.

Lisa offers experience in developing and managing electronic databases, the collection and review of medical records and the in-depth analysis of discovery documents. She supports large-scale document reviews and witness kit preparation, as well as drafting pleadings, motions and subpoenas.

Additionally, Lisa is valued for her proven organizational skills, comprehensive legal research and fact-finding and social media investigations. She also assists with deposition and trial preparation.

Prior to joining the firm, Lisa was a litigation paralegal for an AM Law 100 firm.
