

Michael Campbell co-chaired the Banking and Finance group. He advised on virtually all areas of commercial and real estate financing, including real estate and construction lending, commercial loan documentation, and tax-exempt financing. Michael was dedicated to and valued for his ability to streamline and consistently close even the most sophisticated transactions.

Michael represented a wide range of regional, national and international commercial banks and credit providers in debt finance transactions across an array of specialized industries. His experience included unsecured, personal property secured and real property secured transactions, including loans, leases, syndications, participations and lease financing.

Because every deal is different, Michael thrived under the constant challenge of structuring and closing his client's most unique and diverse transactions. He completed deals that ranged in size and monetary value, and included smaller loans issued by a single lender and borrower and larger transactions involving syndicated loans made by multiple lenders to borrowers and foreign affiliates.

Michael also brought his transactional knowledge and understanding of finance to representing business clients. He advised on general corporate matters and, in particular, mergers and acquisitions.

Regardless of the scale and complexity of the transaction, Michael remained focused on his client's bottom line and commercial objectives, and was appreciated for executing the full spectrum of commercial and real property-related transactions smoothly, cost-effectively and timely.

Michael served as the head varsity lacrosse coach for Catholic Central High School and as a certified Michigan High School Athletic Association and collegiate lacrosse official. He is a member of the Michigan Lacrosse Hall of Fame and still plays masters lacrosse.
