

## WEBINARS

### The Cross-Industry Forum For Gender Equity

#### DATE

**August 26, 2020**  
**8 a.m.-9:30 a.m.**

#### SPEAKERS

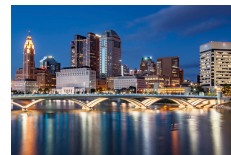

**William A. Nolan**  
Partner

Join us for the Columbus Cross-Industry Forum for Gender Equity. Research shows that societies with greater gender equality experience faster economic growth and better outcomes for families. Gender-based discrimination costs everyone.

During this virtual group discussion with leaders across all industries, we will address issues of inequality and work together to transform habits, remove barriers and create opportunities to foster growth and equality.
