

## **SPEAKING ENGAGEMENTS**

### **Clearing The Air: The Impact Of USEPA's New Vapor Intrusion Guidance On Investigations, Remediation, Closure Strategies And Community Relations**

#### **DATE**

**September 29, 2015**

#### **SPEAKERS**

**David R. Gillay**  
Partner

This webinar will provide an overview of the recent USEPA Vapor Intrusion Technical Guide released in June 2015. Changes from earlier drafts will be discussed as well as specific issues such as OSHA applicability at vapor intrusion sites and short-term TCE levels. The webinar will also provide recommendations for managing and finding innovative and regulatory-approved closure strategies for vapor intrusion sites and communicating with the public on vapor intrusion sites from a responsible party perspective.

#### **Presenters:**

- David Gillay, Barnes & Thornburg
- Joseph Grillo, Merck
- Nadine Weinberg, ERM: Environmental Resources

**When:** Tuesday, Sept. 29

**Time:** 1 - 2:30 p.m. Eastern

**Cost:** Members \$99 | Non-members \$149
