

Contaminated Sites And Long-Term Stewardship: Meeting Obligations For Residual Contamination

DATE

March 10, 2015

On March 10, David Gillay of the Indianapolis office presented during a webinar, "[Contaminated Sites and Long-Term Stewardship: Meeting Obligations for Residual Contamination](#)," hosted by Strafford Publications. The webinar provided guidance for environmental counsel representing companies planning, implementing, maintaining and enforcing long-term stewardships (LTS) at contaminated sites to minimize legal risks.
