DATE

March 16, 2017

SPEAKERS

**Scott
Rothenberger,**
Ph.D.
Partner

Scott Rothenberger of the Minneapolis office co-presented a webinar for Minnesota CLE on March 16. The presentation was entitled "Minnesota IP Series: An Overview of Chemical and Biological Patents in View of Alice and European/International Counterparts" and focused on 35 USC 101 in view of Alice and the chemical arts; lead compounds and obviousness; Markush claiming and pitfalls; indefiniteness/enablement; and Best Mode (why you should still disclose).
