**Program Overview:** Join Barnes & Thornburg LLP and The Warsaw Kosciusko County Chamber of Commerce on February 28, 2013 for an interactive discussion on implementation of healthcare reform in 2013. What every employer wants to know is: What effect will this have on my business? What issues should I consider now, and during 2013 and beyond? How will the plans I make in 2013 take maximum advantage of the law, and how might poorly informed decisions affect my business?

Barnes & Thornburg, along with the Warsaw Kosciusko Chamber, have assembled an experienced and talented panel concentrating in the healthcare reform law and its effects on business. Our panel will help guide the discussion to bring some clarity to many of the "hot" points in the implementation of this very complex law, assess the future of the Patient Protection and Affordable Care Act, and answer nuts and bolts questions about the law that every employer needs to know. You will not want to miss this highly informative session.

#### Healthcare Law Perspective
