Partner

Charlie Denton of the Grand Rapids office along with Mark Westra, an environmental consultant with Rose & Westra, presented at the Michigan Association of Environmental Professionals (MAEP) professional development meeting on Feb. 6 at Cleary University in Howell, Mich. Their presentation was on the new 2013 ASTM standard for Phase I Environmental Site Assessments.

Charlie's presentation was entitled "Environmental Site Assessments and Continuing 'Due Care' Obligations - Recent Changes and What they Mean in the Real World" and is also now available on the MAEP website.

More than 90 environmental consultants attended the MAEP program.
