Warren Biro will moderate a panel discussion on The Lending Market in a Higher Rate Environment at the ACG San Diego Capital Conference 2024.

Warren's panel of commercial and private lenders will provide the insights necessary to navigate the current lending environment. With the era of extremely low interest rates in the rear-view mirror, lenders and borrowers have had to adjust to a new reality. Find out which borrowers are getting funded and which lenders are making new loans. The panel will discuss how underwriting has changed and outline the key metrics and characteristics that are important to credit committees.

The ACG San Diego Capital Conference is San Diego's premier event for M&A, growth capital and exit planning. The annual event brings together private equity investors, investment bankers, business owners, c-suite

executives and M&A advisers to network and learn from one another. Barnes & Thornburg partner Anthony Arnold is on the board of directors of ACG San Diego and has been named the incoming chair of the ACG San Diego Capital Conference.
