Hospitals & Health Networks Daily - "CDC Advises Hospitals On Ebola Outbreak"

August 6, 2014 | [Chicago](#)

Laura Seng of the Chicago office was quoted in a story, "[CDC Advises Hospitals on Ebola Outbreak](#)," in the Hospitals & Health Networks Daily -- the flagship publication of the American Hospital Association - about how hospitals should prepare for treating patients with infectious diseases from a business standpoint, not just clinically. The story outlined the Centers for Disease Control & Prevention's (CDC) guidance for hospitals regarding Ebola and Laura touted having a strategy in place to address relevant legal, human resources and communications issues.
