Government
Relations
BIO

Brian O'Connor
Interim Executive
Director and Chief
of Staff
AdvaMed Accel

Kristin Jones
President and
CEO
Indiana Health
Industry Forum

The election is OVER!! (Maybe) As of this writing, there's no way to predict the outcome of the November 3rd U.S. election, but it is safe to say there will be big policy changes coming for the life sciences, no matter who wins the White House. Will science and innovation rule the day or be relegated to the dustbin? Will patients get to keep their health insurance? Will the FDA and CDC learn to get along?

Please join us for an up-to-date rundown on the 2020 election and what it means for biopharma and medical device companies (large and small) going forward. This month, our presenters hail from AdvaMed and the

Biotechnology Innovation Organization (BIO) and are THE movers and shakers supporting the industry in Washington, D.C. Whatever will be, will be but it's always best to be prepared and informed!
