

SPEAKING ENGAGEMENTS

Using Integrated Planning To Address Affordability Challenges

DATE

September 29, 2021

SPEAKERS

Fredric P. Andes
Partner

On Sept. 29, Fredric Andes spoke at the New England Water Environment Association's Combined Sewer and Overflow & Wet Weather Issues Conference. Fred's presentation was "Using Integrated Planning To Address Affordability Challenges." Fred discussed key elements and steps in integrated planning, recent changes in affordability analyses, and details about the upcoming proposed changes to the EPA Affordability Guidance.
